Abstract	<p>Pursuant to Section 98 of the Petroleum and Geothermal Energy Act 2000 the Minister must classify the regulated activities covered by a prepared Environmental Impact Report as either of low, medium or high environmental impact. This document summarises the classification made by the Department for Energy and Mining on the Torrens Energy Monitoring, Maintenance, Rehabilitation and Decommissioning Activities - Geothermal Exploration Licenses - Statement of Environmental Objectives, Torrens Energy, March 2025. This classification is based on information provided in the EIR prepared by Torrens Energy.</p>
